ESSO PETROLEUM COMPANY, LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2014

The directors present their report and the Financial Statements for the year ended 31 December 2014.

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Strategic Report, the Directors' Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare Financial Statements for each financial year. Under that law the directors have elected to prepare the Financial Statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these Financial Statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESULTS AND DIVIDENDS

The loss for the year, after taxation, amounted to £172M (2013 - profit £7M).

No dividends were recommended by the directors or paid during the year (2013 - £NIL).

CHARITABLE CONTRIBUTIONS

During 2014, the Company made charitable donations in support of the community of £0.6M (2013 - £0.7M). There were no political donations (2013 - £NIL).

FUTURE DEVELOPMENTS

The Company intends to remain a major refiner, distributor and marketer of petroleum products in the United Kingdom.

EVENTS SINCE THE END OF THE YEAR

During 2015, the Company has agreed to sell 201 retail sites.

ESSO PETROLEUM COMPANY, LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2014

DIRECTORS

The directors who served during the year were:

J P Chaplin (appointed 1 May 2014)
D C Connolly (appointed 6 May 2014)
R M Cooper (appointed 1 July 2014)
B W Corson (resigned 1 May 2014)
S I Herbert (resigned 6 May 2014)
D L Norwood (resigned 1 July 2014)
J R Wetmore

RESEARCH AND DEVELOPMENT ACTIVITIES

The Company is able to call on the extensive research and development resources of its ultimate parent company, Exxon Mobil Corporation. This includes research into automotive and aviation fuels and engine lubricants and comprehensive technical support, covering crude oils, industrial fuels and lubricants, bitumen and greases. Research and guidance on environmental matters is also provided by other members of the ExxonMobil group.

EMPLOYEE INVOLVEMENT

The Company is an equal opportunity employer and complies with all relevant legislation.

The Company's policy is also to ensure that equal opportunities, including applications for employment, training, career development and promotion, exist for disabled persons and employees who have become disabled while employed by the Company having regard to their particular circumstances.

The Company has established over many years a comprehensive programme of employee communication and consultation to systematically provide employees with information on matters of concern to them or their representatives, so that their views can be taken into account when making decisions that are likely to affect their interests. The directors are committed to the continued involvement of employees in this way as an essential element in the Company remaining efficient and competitive. It is an integral part of management's responsibility to ensure that all employees understand the Company's objectives and the contribution that each individual can make to the achievement of those objectives.

DISCLOSURE OF INFORMATION TO AUDITORS

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the Company's auditors are unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

ESSO PETROLEUM COMPANY, LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2014

PRINCIPAL ACTIVITIES

The principal activities of Esso Petroleum Company, Limited (the "Company") are the refining, distribution and marketing of petroleum products in the United Kingdom. The principal subsidiaries of the Company are listed in note 12 to the Financial Statements.

BUSINESS REVIEW

During 2014, the Company recorded a gross loss as a result of lower margins. Additionally, the Company sold 83 retail sites.

The Company has net assets of £1,373M (2013 - £1,346M).

KEY PERFORMANCE INDICATORS

The business of the Company is managed on a divisional basis and performance is measured in areas such as safety, the environment, operations and finance. Performance indicators are regularly shared with divisional management, including representatives of the ultimate parent company, Exxon Mobil Corporation.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company's principal risks and uncertainties comprise health and safety, environment and financial risks. The Company's policies relating to Financial Risk Management, Health and Safety and Environment are set out in the paragraphs below.

FINANCIAL RISK MANAGEMENT

The Company is exposed to financial risks from a variety of factors that include price, credit, liquidity, interest rates and foreign exchange.

Price risk - The Company is exposed to fluctuations in oil, petrochemical and gas prices as a result of its operations. The Company does not use derivative financial instruments to manage the risk of fluctuating prices, so no hedge accounting is applied. The Company will revisit the appropriateness of this policy should operations change in nature.

Credit risk - The Company has implemented policies and procedures which require appropriate credit checks on potential customers before sales are made. The Company also has systems and processes to ensure the ongoing monitoring of customer credit worthiness and has in place procedures to enable it to respond where change in customer credit risk is detected.

Liquidity risk - The Company actively manages its finances to ensure that it has sufficient available funds for its operations. It is the directors' understanding that the ExxonMobil group companies will continue to provide suitable resources to the Company to meet its needs. The Company has a process in place to monitor the best financing structure and periodically reviews its strategies. Following such review, loans may be repaid prior to their maturity date or extended or replaced by alternative funding arrangements.

HEALTH AND SAFETY

The Company's policy is to conduct its business in a manner that protects the safety of its employees, others involved in its operations, customers and the public. The Company strives to prevent all accidents, injuries and occupational illnesses through its Operations Integrity Management System. This is embedded into everyday work processes at all levels of the organisation and addresses all aspects of managing safety and health, as well as security, environmental and social risks at our facilities. The Company is committed to continuous efforts to

ESSO PETROLEUM COMPANY, LIMITED

**STRATEGIC REPORT (continued)
FOR THE YEAR ENDED 31 DECEMBER 2014**

identify and eliminate or manage health and safety risks associated with its activities.

ENVIRONMENTAL POLICY

The Company has a policy to ensure that it conducts its business in a manner that is compatible with the balanced environmental and economic needs of the community. Further, it is the Company's policy to comply with all applicable environmental laws and regulations and apply responsible standards where laws and regulations do not exist.

The Company's key principles and commitments in the areas of safety, health and the environment, among others, are consistent with those of its ultimate parent company, Exxon Mobil Corporation. Each year, Exxon Mobil Corporation publishes a detailed and comprehensive Corporate Citizenship Report that gives a full account of its positions, actions and performance.

Copies of this publication can be obtained by writing to: Exxon Mobil Corporation, Attn Public & Government Affairs, CCR Requests, 5959 Las Colinas Boulevard, Irving, Texas 75039-2298, USA. Alternatively, it can be viewed on www.exxonmobil.com.

This report was approved by the board on 27 July 2015 and signed on its behalf.

ESSO PETROLEUM COMPANY, LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ESSO PETROLEUM COMPANY, LIMITED

REPORT ON THE FINANCIAL STATEMENTS

Our opinion

In our opinion Esso Petroleum Company, Limited's financial statements (the "financial statements"):

- give a true and fair view of the state of the Company's affairs as at 31 December 2014 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

Esso Petroleum Company, Limited's financial statements, comprise:

- the balance sheet as at 31 December 2014;
- the profit and loss account for the year then ended;
- the statement of total recognised gains and losses
- the note of historical cost profits and losses; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

OPINIONS ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion the information given in the Directors' Report and the Strategic Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

OTHER MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law have not been made. We have no exceptions to report arising from this responsibility.

ESSO PETROLEUM COMPANY, LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ESSO PETROLEUM COMPANY, LIMITED

RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS AND THE AUDIT

Our responsibilities and those of the directors

As explained more fully in the Directors' Responsibilities Statement set out on page 1, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK & Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with ISAs (UK & Ireland). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Strategic Report, Directors' Report and financial statements (the "Annual Report") to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report

**BALANCE SHEET (continued)
AS AT 31 DECEMBER 2014**

The financial statements were approved and authorised for issue by the board and were signed on its behalf by:

R M Cooper
Director

Date: 27 July 2015

The notes on pages 12 to 32 form part of these financial statements.

ESSO PETROLEUM COMPANY, LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

These Financial Statements have been prepared on the going concern basis, under historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom, except with respect to the periodic revaluation of certain fixed assets as described below.

The principal accounting policies which have been applied consistently across the Company from one financial year to the next are set out below.

The Company is itself a subsidiary company and is exempt from the requirement to prepare group financial statements by virtue of section 400 of the Companies Act 2006. These Financial Statements therefore present information about the Company as an individual undertaking and not about its group.

1.2 Cash flow

The Company, being a subsidiary undertaking where 90% or more of the voting rights are controlled within the group whose consolidated Financial Statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with FRS 1.

1.3 Turnover

Turnover associated with the processing and sale of crude oil, natural gas, petroleum products and related goods and services is recognised when the title passes to the customer, which typically occurs at the point of delivery or point of receipt depending on contractual terms. Turnover from sales made by refining operations is typically recognised when the product is placed onboard a vessel, on discharge or into a pipeline depending on agreed contractual terms. Turnover is shown net of excise duties and Value Added Taxation (VAT).

In the course of normal business, the company enters into contracts with third parties, including contracts giving rise to linked sales and cost of sales entries such as location swaps. In previous accounting periods and in keeping with ExxonMobil UK financial reporting policy, these linked transactions were reported separately in Turnover and Cost of Sales. In 2013, the directors determined that in line with the Company's group reporting and to better reflect the nature of the transactions, this category of contracts should be reported net.

1.4 Intangible fixed assets and amortisation

Goodwill arising on acquisitions of businesses and recorded in the Balance Sheet is amortised through the Profit and Loss account. The Company amortises such purchased goodwill by equal annual instalments over the purchased goodwill's expected useful life, which is typically between 10 and 20 years, being the directors' best estimate of the period over which the goodwill will be realised.

Purchased CO2 emission rights are not amortised during the year as they are surrendered the following year after completion of an independent audit of the actual emissions.

ESSO PETROLEUM COMPANY, LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES (continued)

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Buildings	-	3.3% to 4% per annum
Plant & equipment	-	3.3% to 20% per annum
Leasehold land	-	0.5% to 6.66% per annum
Assets under construction	-	Not depreciated until brought into use
Freehold land	-	Not depreciated

Premiums paid on operating leases for land and buildings have been capitalised and included within land and buildings.

1.6 Revaluation of tangible fixed assets

Fixed Assets are stated at cost except in the case of retail sites which is revalued on a 5 yearly basis by a member of the Royal Institute of Chartered Surveyors, with a review of the valuation made on an interim basis in accordance with FRS 15, 'Tangible fixed assets'. An annual review is undertaken where there is evidence of a significant change in the revaluation. A full valuation was undertaken as at 31 December 2014 by C B Richard Ellis Limited.

1.7 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

1.8 Operating leases

Rentals under operating leases are charged to the Profit and Loss Account on a straight line basis over the lease term.

1.9 Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost is calculated using the first-in, first-out method, including an appropriate proportion of overheads.

1.10 Deferred taxation

Provision for deferred tax is made in accordance with FRS 19, 'Deferred Tax'. Full provision is made for deferred tax liabilities net of deferred tax assets arising from timing differences between the recognition of gains and losses in the Financial Statements and their recognition for tax purposes. Deferred tax assets and liabilities are not discounted.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

ESSO PETROLEUM COMPANY, LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014**

1. ACCOUNTING POLICIES (continued)

1.11 Foreign currencies

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and Loss Account.

1.12 Research and development

Research and development expenditure is written off in the year in which it is incurred.

ESSO PETROLEUM COMPANY, LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

1. ACCOUNTING POLICIES (continued)

1.13 Pensions

The Company is a participating employer in a funded defined benefit pension scheme in the UK, the assets of which are held in a separate trustee administered fund.

Pension scheme assets are measured using market value. Pension scheme liabilities are measured using the projected unit actuarial method and are discounted at the current rate of return on a high quality corporate bond of equivalent terms and currency to the liability. The increase in the present value of the liabilities of the Company's defined benefit pension scheme expected to arise from employee service in the period is charged to operating profit. The expected return on the scheme's assets and the increase during the year in the present value of the scheme's liabilities arising from the passage of time are included in the other finance income. Actuarial gains and losses are recognised in the Statement of Total Recognised Gains and Losses.

Pension scheme surpluses (to the extent they are considered recoverable), or deficits in full, are recognised and presented on the face of the Balance Sheet net of the related deferred tax.

The Company is a participating employer in the Merchant Navy Officers Pension Fund and the Merchant Navy Ratings Pension Fund, both industry defined benefit schemes. The Company is unable to identify its share of the underlying assets and liabilities of these schemes on a consistent and reliable basis and in accordance with paragraph 9 of FRS 17 is therefore treating the schemes as defined contribution schemes. The pension cost charges represent contributions paid by the Company to the fund, net of any amounts recoverable from other group companies.

1.14 Cash

As part of ExxonMobil's Treasury operations, the Company participates in an interest bearing bank account sweeping arrangement with another ExxonMobil group undertaking whereby the transactions cleared by the banks included in this arrangement are transferred to that undertaking on a daily basis. The net amount as at the balance sheet date is fully liquid with the Company retaining full ability to access the cash at any time. Interest is charged/credited on balances, including any overdraft positions, on commercially competitive terms.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014

9. TAXATION (continued)

No provision has been made for deferred taxation on gains arising from revaluing retail properties to their market value. Deferred taxation liabilities and assets are not discounted.

Legislation was enacted in July 2013 to reduce the UK statutory corporation tax rate to 20% effective 1 April 2015.

The July 2015 budget Statement announced further reductions to the UK statutory corporation tax rate: 19% effective 1 April 2017 and 18% effective 1 April 2020.

The proposed reductions of the main rate of corporation tax are to be enacted in 2015.

However, none of these expected rate reductions had been substantively enacted at the balance sheet date and, therefore, are not included in these financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014

11. TANGIBLE ASSETS (continued)

The Retail sites cost addition £113M relates to the increase in cost valuation. Included within the Retail sites cost disposals is downward valuation impact of £15M

The net book value of Retail Sites and Other Land & Buildings comprises:

	2014 £M	2013 £M
Freehold	680	606
Long leasehold	7	8
Short leasehold	6	9
Total	693	623

Included within Retail Sites are sites with a net book value of £5M (2013 - £12M) which are being held for resale.

As at 31 December 2014 certain assets with an historical NBV of £193M were revalued by CB Richard Ellis Limited, an external surveyor and a member of the Royal Institute of Chartered Surveyors, on a total open market value basis for existing petrochemical use of £656M, resulting in an increase in the revalued amount of £113M. These assets comprise the retail portfolio of petrol filling stations held on a freehold or long term leasehold basis (at least 50 years unexpired term on the lease) and have been valued as fully equipped operational trading entities. In addition, retail assets with a useful economic life of less than 50 years are valued at £59M. During the year, 83 sites (2013 - 80 sites) which had previously been revalued were sold resulting in £15M gain (2013 - £2M loss) being transferred from the revaluation reserve.

If the land and buildings had not been included at valuation they would have been included under the historical cost convention as follows:

	2014 £M	2013 £M
Cost	381	420
Accumulated depreciation	(148)	(162)
Net book value	233	258

	4,109	3,599

Scheme assets do not include any of Esso Petroleum Company, Limited's own financial instruments, or any property occupied by Esso Petroleum Company, Limited.

The expected return on scheme assets is determined by considering the expected returns on the assets underlying the current investment policy. Expected yields on fixed income investments are based on gross redemption yields as at the balance sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

The actual return on scheme assets in the year was £629M (2013 - £282M).

The cumulative amount of actuarial gains and losses recognised in the Statement of Total Recognised Gains and Losses was £1,568 (2013 - £1,676).

The major categories of scheme assets as a percentage of total scheme assets are as follows:

24. PENSION COMMITMENTS (continued)

Amounts for the current and previous four periods are as follows:

Defined benefit pension schemes

	2014	2013	2012	2011	2010
	£M	£M	£M	£M	£M
Defined benefit obligation	(4,257)	(3,857)	(3,857)	(3,593)	(3,311)
Scheme assets	4,109	3,599	3,428	3,021	2,851
Deficit	(148)	(258)	(429)	(572)	(460)
Experience adjustments on scheme liabilities	58	112	73	(68)	45
Experience adjustments on scheme assets	437	108	93	(75)	151

The actuarial valuation of the plan as 31 December 2014 showed a decrease in the deficit before tax from £258M to £148M. This is primarily due to greater than expected performance of assets for the period, more than offsetting unfavourable changes to assumptions. Normal employer contributions were set at 30.1% of pensionable salaries with effect from 1 January 2011, following the 31 December 2010 actuarial valuation. There was no change to this contribution rate following the 31 December 2013 valuation, this contribution level is subject to future actuarial review. The total contributions expected to be made by Esso Petroleum Company, Limited in the year 2015 are therefore £84M.

ExxonMobil Supplementary Plan

Included in the liability valuation above is an amount of £77M (2013 - £38M) which relates to the unfunded ExxonMobil Supplementary Plan.

Comma Oil & Chemicals Limited Pension Assurance Scheme

At 31 July 2014 the Comma Oil & Chemicals Limited Pension Assurance Scheme transferred into the main ExxonMobil Pension Plan. All assets and liabilities were transferred at that date.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014

24. PENSION COMMITMENTS (continued)

Merchant Navy Officers Pension Fund

The Company is a participating employer in the Merchant Navy Officers Pension Fund. Company contributions to this fund amounted to £2M (2013 - £2M) during the year. In 2014 and 2013 this consisted entirely of deficit contributions.

The last valuation report for this fund was carried out by a qualified independent actuary as at 31 March 2012.

The schedules provided by the fund's trustees to the Company detail only the amount for which it is seeking contribution, so the Company is unable to identify its share of the underlying assets and liabilities of the plan on a consistent and reliable basis and in accordance with paragraph 9 of FRS 17 is therefore treating the plan as a defined contribution plan.

The latest actuarial valuation as at 31 March 2012 showed an aggregate fund deficit of £492M (2009 - £740M). Additional contributions as a result of this valuation were requested with effect from September 2013.

Merchant Navy Ratings Pension Fund

The Company is also a participating employer in the Merchant Navy Ratings Pension Fund. Company contributions amounted to £Nil (2013 - £Nil) during the year consisting entirely of deficit contributions.

The last valuation report for this fund was carried out by a qualified independent actuary as at 31 March 2014.

The schedules provided by the fund's trustees to the Company detail only the amount for which it is seeking contribution, so the Company is unable to identify its share of the underlying assets and liabilities of the plan on a consistent and reliable basis and in accordance with paragraph 9 of FRS 17 is therefore treating the plan as a defined contribution plan.

The latest actuarial valuation as at 31 March 2014 showed an aggregate fund deficit of £325M. Additional contributions as a result of this valuation will be requested from September 2015.

25. OPERATING LEASE COMMITMENTS

At 31 December 2014 the Company had annual commitments under non-cancellable operating leases as follows:

	2014 £M	2013 £M
Expiry date:		
Within 1 year	1	-
Between 2 and 5 years	3	2
After more than 5 years	2	2
	<u> </u>	<u> </u>

All the above relate to land and buildings.
